*Journal of Visual Impairment & Blindness*
*VOLUME 102, 2008*

# INDEX
# SUBJECTS and NAMES

**ACCESSIBILITY**
Acceptance of Dog Guides and Daily Stress Levels of Dog Guide Users and Nonusers—May 295–304
Critical Issues Confronting the Blindness Field: Can Providers and Consumers Agree?—August 453–457
Design and Usability Testing of an Audio Platform Game for Players with Visual Impairments—December 761–773
Evidence-Based Communication Practices for Children with Visual Impairments and Additional Disabilities: An Examination of Single-Subject Design Studies—September 540–552
Examining the Accessibility of a Computerized Adapted Test Using Assistive Technology—May 261–271
Exploring the Early Literacy Practices of Teachers of Infants, Toddlers, and Preschoolers with Visual Impairments—March 133–146
How to Choose the Right MP3 Player for Your Visually Impaired Teenager—September 565–568
How to Modify a Computer for Older People with Low Vision Without Spending a Dime—June 365–368

**ADOLESCENTS**
How to Choose the Right MP3 Player for Your Visually Impaired Teenager—September 565–568

**AGE-RELATED MACULAR DEGENERATION**
Ability to Read Medication Labels Improved by Participation in a Low Vision Rehabilitation Program—December 774–777
Adaptation to Low Vision Caused by Age-Related Macular Degeneration: A Case Study—November 725–730
A Commentary on the Medicare Low Vision Rehabilitation Demonstration Project—February 69–75
Depression in Age-Related Macular Degeneration—October 591–599
The Difference That Age Makes: Cultural Factors That Shape Older Adults' Responses to Age-Related Macular Degeneration—October 581–590
Driving and Age-Related Macular Degeneration—October 621–635
Driving and Low Vision: Validity of Assessments for Predicting Performance of Drivers—June 340–351
Editor's Page—December 739
Face Fields and Microperimetry for Estimating the Location of Fixation in Eyes with Macular Disease—November 679–689
Foveal-Sparing Scotomas in Advanced Dry Age-Related Macular Degeneration—October 600–610
Guest Editor's Page—October 578–580
Keeping Older Adults with Vision Loss Safe: Chronic Conditions and Comorbidities That Influence Functional Mobility—October 616–620
Memory Loss, Dementia, and Stroke: Implications for Rehabilitation of Older Adults with Age-Related Macular Degeneration—October 611–615
Patient with Macular Disease, Good Visual Acuity, and Central Visual Field Disruption and Significant Difficulties with Activities of Daily Living—October 656–658
The Psychosocial Impact of Closed-Circuit Televisions on Persons with Age-Related Macular Degeneration—November 690–701
Special Issue on Age-Related Macular Degeneration—October 577–668
Successful Outcomes from a Structured Curriculum Used in the Veterans Affairs Low Vision Intervention Trial—October 636–648
Topographical Mapping of Residual Vision by Computer—October 649–655
Training Children in Eccentric Viewing: A Case Study—March 160–166

**AGING**
Ability to Read Medication Labels Improved by Participation in a Low Vision Rehabilitation Program—December 774–777
Adaptation to Low Vision Caused by Age-Related Macular Degeneration: A Case Study—November 725–730
An Age-Cohort Study of Older Adults With and Without Visual Impairments: Activity, Independence, and Life Satisfaction—September 517–527
Caregivers with Visual Impairments: A Preliminary Study—February 89–96
A Commentary on the Medicare Low Vision Rehabilitation Demonstration Project—February 69–75
Depression in Age-Related Macular Degeneration—October 591–599
The Difference That Age Makes: Cultural Factors That Shape Older Adults' Responses to Age-Related Macular Degeneration—October 581–590
Driving and Age-Related Macular Degeneration—October 621–635
Driving and Low Vision: An Evidence-based Review of Rehabilitation—July 410–419
Face Fields and Microperimetry for Estimating the
